

L.O) I can use bus stop division

Division without exchange

1. $369 \div 3 =$

2. $220 \div 2 =$

4. $603 \div 3 =$

5. $282 \div 2 =$

6. $550 \div 5 =$

7. $963 \div 3 =$

8. $555 \div 5 =$

9. $399 \div 3 =$

10. $268 \div 2 =$

Division with exchange

1. $429 \div 3 =$

2. $560 \div 4 =$

4. $764 \div 4 =$

5. $288 \div 3 =$

6. $670 \div 5 =$

7. $920 \div 4 =$

8. $504 \div 4 =$

9. $558 \div 6 =$

10. $708 \div 6 =$

Division with remainders (4 digit)

1. $4593 \div 8 =$

2. $1291 \div 6 =$

4. $7401 \div 4 =$

5. $8900 \div 6 =$

6. $3901 \div 5 =$

7. $2210 \div 9 =$

8. $3230 \div 9 =$

9. $8288 \div 3 =$

10. $8302 \div 5 =$
