

L.O) I can estimate length

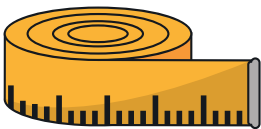

Choose objects around your house to estimate, then measure (under 1m)

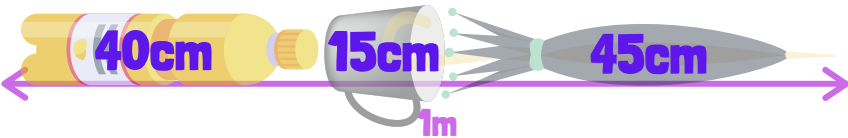

Object	Estimation	Length

Challenge
1m = 100cm

How close to 1 metre can you get using several items around the house? Draw and label what you did!

Solution 1:

Solution 2:

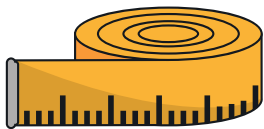

L.O) I can estimate length

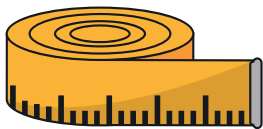

Choose objects around your house to estimate, then measure (under 1m)

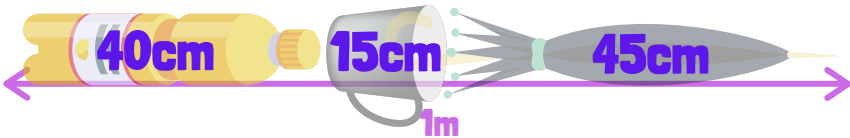

Object	Estimation	Length	Difference

Challenge
1m = 100cm

How close to 1 metre can you get using several items around the house? Draw and label what you did!

Solution 1:

Solution 2:
